

SEPT 10

## **YEAR 11 COA APTITUDE TESTING**

As part of the Careers advice from the Royal Masonic School we provide the opportunity for students to have the COA Aptitude tests. It provides information on the student's strengths, not just academic but their interests and personal qualities. The results can then be used as one tool to help direct your daughter/ward into appropriate AS and A levels, Higher Education and a career where she will be happy and achieve her best.

This testing is implemented, online, by Cambridge Occupational Analysts which the students will do over the course of a few days in November (dates to be confirmed). COA then returns on 21st January 2011 to have individual feedback sessions with the girls, in the form of interviews for 20 minutes.

There is a charge for this testing of £75.00 per girl (a £2.00 discount for going online!) which will be added to your bill if your daughter/ward takes the testing online. Included in this pack are two leaflets, Preview Careers Programme and Cambridge Profile Aptitude Tests, giving more information about this testing.

If more information is required I can be contacted via e-mail at:

[klord@royalmasonic.herts.sch.uk](mailto:klord@royalmasonic.herts.sch.uk).

I hope you find this information useful, if you wish your daughter to be included for this testing could you please complete to slip below and return to Miss Lord by 22nd October 2010.

Regards

Careers Co-ordinator
